Are you a demolition contractor? A commercial property owner planning a demolition? If so, you should attend the Demolition Contractor Regulation Training offered by DNREC to learn more about how Delaware's Air Pollution Regulations affect your industry. Please take a short time out of your busy day to come learn more. It could help you avoid costly delays and potential fines.

Topics include:

## Delaware Demolition Requirements

- Inspections
- 10 day notifications
- Asbestos removal
- Dust
- Open burning
- Enforcement

The training is free. Please register by contacting  
Gail Henderson at 302-739-9909 or  
Kim Chesser at 302-739-9069 or  
on-line at:
